Investing In Your Future

## Give Me One Good Reason To Buy From You!

Why should you buy from SCTC/PTC? That's a great question and it deserves a great answer. Other vendors simply can't compete with the quality of our products and our unmatched service. Here's proof. Here are five great reasons to buy from SCTC/PTC:

1. All installation and repair vehicles are dispatched from our Service and Support Facility in Stayton. This allows us to respond more quickly than anyone else. For Repair calls, we usually dispatch on the same day that the call comes in.
2. If the power goes out, SCTC/PTC copper-based telephone service will work indefinitely. We have battery backup and generators. SCTC/PTC fiber-based telephone and Internet service has up to 8-hours of battery backup. Make sure you have a corded phone to use because electronic telephones won't work when the power goes out. Your computer will also need a UPS battery backup to work.
3. SCTC/PTC does not have a computer that answers our phones. You will always get one of our friendly employees during office hours.
4. SCTC/PTC Technical Support is located at 475 North 2<sup>nd</sup> Ave. in Stayton. We provide **FREE** Spam, virus and spyware screening; free router and computer configuration, plus home-network equipment consultation.
5. Our Business Office is located at 502 N. 2<sup>nd</sup> Ave. in Stayton. We are open Monday-Friday from 8:00 am -5:00 pm for phone inquiries and 8:30 am – 6:00 pm for walk-in traffic. We are also open on Saturdays from 9:00 am – 2:30 pm for walk-in traffic only. For your convenience, our doors are even open during lunch hours.

Nobody beats SCTC/PTC for reliability, quality and service. Just in case you need a wee bit more convincing, here's reason number six:

6. PTC has been in business for several decades and has gone through many changes. Most recently, in 1997, PTC was purchased by SCTC. SCTC has also been around for many decades, serving their customers since 1955. SCTC/PTC company headquarters is located in Stayton. The money you spend with SCTC/PTC stays in our communities. Don't send your hard-earned money out of town, let alone out of state.

### Scholarship Applications Available Now

SCTC/PTC is once again offering scholarships to aid local graduating high school seniors in furthering their education. We are proud to continue our commitment to area youth.

Scholarship eligibility requirements and applications will be available at school counseling offices or directly through the SCTC website on February 1, 2010. You may print an application form by going to [www.sctcweb.com](http://www.sctcweb.com) and clicking the "Community" tab. The scholarship application deadline is April 8, 2010.

Under a format designed to encourage the participation of a broad range of students, winners will be drawn at random at the 2010 SCTC Annual Meeting in April.

## New Oregon Law Outlaws Cell Phones and Texting (almost)

Effective January 1, 2010, a new Oregon law went into effect that prohibits all drivers from using a mobile communication device while operating a motor vehicle. A mobile communication device is defined as *"a text messaging device or a wireless, two-way communication device designed to receive and transmit voice or text communication"*.

Under the new law, if you are over the age of 18, you may use a wireless device if you are using a hands free accessory that allows you to keep both hands on the wheel while you are driving. Drivers that are under the age of 18 may not use a wireless device in any case except specific situations, such as emergency, farming or agricultural operations.

SCTC/PTC now carries a variety of Bluetooth wireless headsets that you can safely and legally use while you drive in Oregon. Our world-class cellular
